

# HIQ Device Controller selection table

| Controlled device                    | Devices/HIQ-HC | Devices/HIQ-DC | HIQ-DC   | HIQ-DC/HIQ-HC |
|--------------------------------------|----------------|----------------|----------|---------------|
| Light - General purpose On/Off       | <b>40</b>      | 10             | LC-10-IQ | 4             |
| Power socket                         |                |                |          |               |
| Exhaust fan                          |                |                |          |               |
| Door bell                            |                |                |          |               |
| Light - 230 VAC dimmable             | <b>16</b>      | 4              | LD-P4-IQ | 4             |
| Light - DALI light                   |                | 8              | LD-D8-IQ | 2             |
| Light - single color LED stripe      |                | 4              | LD-V4-IQ | 4             |
| Light - RGB(W) LED stripe            | <b>4</b>       | 1              |          |               |
| Blinds, shadings, curtains, awnings  | <b>10</b>      | 5              | BC-5-IQ  | 2             |
| Scene push-button with LED indicator | <b>16</b>      | 4              | SC-4S-IQ | 4             |
| Scene touch panel                    |                | /              | SC-4T-IQ |               |
| HVAC - Zone thermostat               | <b>5</b>       | /              | TH-1M-IQ | 5             |
|                                      |                |                | TH-1T-IQ |               |
|                                      |                |                | TH-2-IQ  |               |
|                                      |                |                | TH-3-IQ  |               |
| HVAC - Fan-coil                      | <b>5</b>       | 1              | FC-1-IQ  | 5             |
| HVAC - Radiator valve                | <b>5</b>       | 5              | HC-IQ    | 1             |
| HVAC - Floor heating valve           |                |                |          |               |
| HVAC - Ceiling cooling valve         |                |                |          |               |
| HVAC - Boiler (On/Off)               | <b>1</b>       | 1              |          |               |
| HVAC - Chiller (On/Off)              | <b>1</b>       | 1              |          |               |

**For larger projects any number of HC-IQ can be integrated into one logical system.**
