

# Motion sensor

## Passive infrared detector ceiling recessed

|               |                  |
|---------------|------------------|
| Model number: | <b>IR-C6W-LC</b> |
| Connects to:  | digital input    |
| Mounting:     | In ceiling       |

## Applications

- Motion detector
- Ready light
- Intrusion detector
- Lighting control
- Hotel GRMS

## Features

- Small visible surface
- Aestetical look
- Easy mount
- Water resistant (front side)

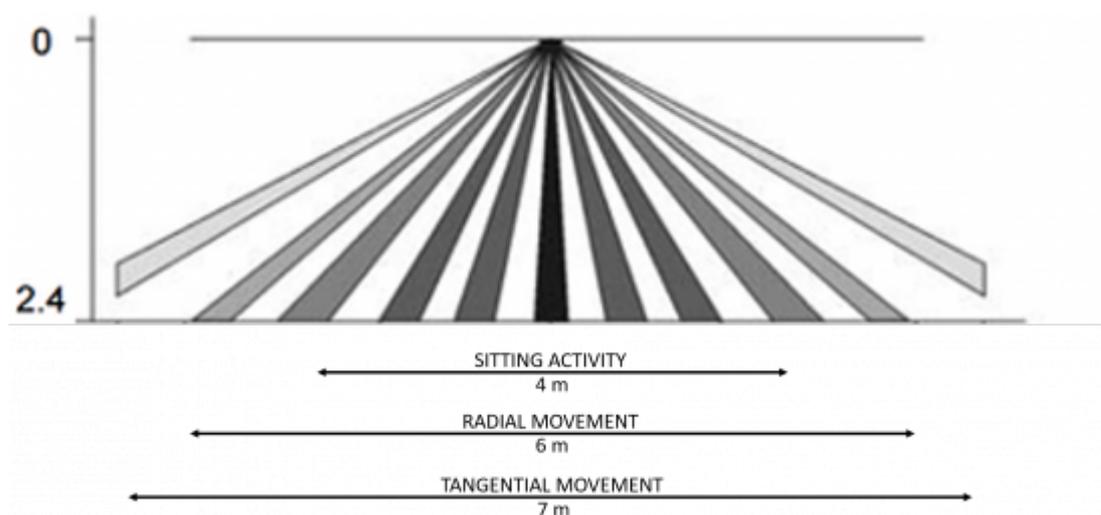

## General description

A passive infrared detector with sleek and compact housing.

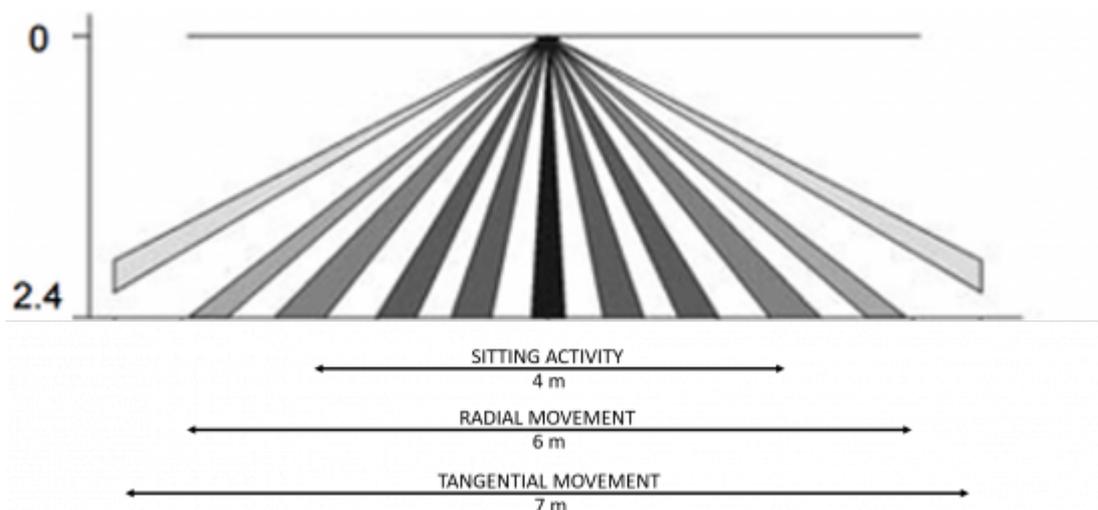

## Installation instruction

- Do not install the detector at position which faces direct or reflected sunlight or near windows with direct car headlight.
- Ensure that there are no obstructions (plants, screens, furniture etc.) in the field of view that may cause incorrect cover/operation of the detector.
- Avoid locating the detector in areas that contain equipment that may change the environment temperature rapidly (i.e. above radiator or under the air-conditioner)
- Install the detector at proper height on a rigid surface. Do not install the detector on vibrating surface.
- PIR detector is more sensitive to the motions “across” the detection zones than “toward” or “away”.

## Detection pattern

# Range and mount height

## Technical specifications

|                   |   |
|-------------------|---|
| Power supply      | 24 VDC                                      |
| Power consumption | 0.1 W (static mode), 0.45W (triggered mode) |
| Temperature       | -20°C ~ 40°C                                |
| IP rating         | IP65 (front side), IP20 (back side)         |

## Terminals

|                   |           |        |
|-------------------|-----------|--------|
| Power supply      | +         | Red    |
|                   | -         | Black  |
| HIQ common +      | <b>C</b>  | Yellow |
| HIQ digital input | <b>NO</b> | White  |
